

The following is a list of suggestions for the May Foundation Team that were made by family members during the 2024-25 survey project.

All family members are invited to review the list and send your input to the May Foundation Team by 9/15/25 at may-charities@googlegroups.com or, if you prefer, to each member of the May Foundation team at their own email. Feel free to cc the Family Council if you want to. There will be a family zoom meeting in October 2025 to follow up on this topic and wrap up the surveys project – details to follow via email/CBRenovation.

Suggestions for the May Foundation Team:

The May Foundation team has approved the following suggestions:

- 1) Find new ways to involve family members in this team if they want to be involved, especially younger family members, so they'll be ready to take over running the Foundation when the time comes.
- 2) Encourage family members to get more involved in distribution of May Foundation funds by inviting any interested family member to choose one of the current MF grant recipients (list available from the May Foundation team or elsewhere on this page), monitor that organization over time, and update the foundation as to progress or changes of that organization.
- 3) Invite members of Sean's generation to suggest a grant recipient or category to the Foundation Team.
- 4) Lead a discussion among family members to determine what values we hold related to supporting different causes, then plan donations to match those values.
- 5) Invite all family members to attend the next Foundation meeting.
